

Spatial Symposium

March, 21st. 2023 | 10:00 am - 17:00 pm

Josep Carreras Institute Badalona (Barcelona) - Spain

Agenda Symposium

09:30h	REGISTRATION
10:00h	INTRODUCTION & WELCOME
10:20h	<p>“Enter the resolution revolution with Xenium” <i>Agnieszka Ciesielska, Science & Technology Advisor, 10x Genomics</i></p>
11:00h	COFFEE-BREAK
11:30h	<p>“Using Spatial Single-Cell Transcriptomics in Cancer and COVID-19 Studies” <i>Manel Esteller, Director of the Josep Carreras Leukaemia Research Institute</i></p>
12:10h	<p>“Unraveling the spatial architecture of Cancer Hallmarks” <i>Eduard Porta, Group Leader en Josep Carreras Leukaemia Research Institute</i></p>
12:50h	<p>“Spatial profiling in translational research” <i>Laura Sudupe, PhD student at KAUST University</i></p>
13:30h	LUNCH
14:30h	<p>"Spatial Transcriptomic Profiling of Adult Skeletal Muscle" <i>Lorenzo Giordani Ph.D. at Centre de Recherche en Myologie, Paris</i></p>
15:10h	<p>"Data analysis from tissue section to results and publication" <i>Stephen Williams, Staff Scientist in Computational Biology at 10X Genomics</i></p>
15:50h	PANEL SESSION
16:30h	10X Science Battle
17:00h	COFFEE & NETWORKING
